CARAGUAN IS GIVEN HIS WALKING PAPERS

...tary Knox Sends Charge D'Affaires From South American Republic His Passport.

...INGTON, Dec. 2.—Secretary ... Knox late yesterday return... passports of Felipe Rodriguez, ...d'affaires of the Nicaraguan ..., with a letter scathingly de... the Zelayan administration ...overnment of Nicaragua. The ... definitely declared to repre... views of President Taft, and ... as plain-spoken as anything ...ng from the State Depart... years.

...traordinary feature of the let... that it seems to evidence an ... on the part of the United ... hold President Zelaya per... responsible for the alleged ... and execution of the Ameri... Cannon and Groce, and exhibits ...e situation of one govern... ment holding the chief executive of another presidency as a common malefactor. Zelaya is branded as a violator of solemn international conventions, a disturber of the national and international peace, a tyrant whose administration has been a blot upon the name of good government.

Secretary Knox virtually announces the recognition of the Nicaraguan revolutionists, declares it to be the conviction of the United States that the revolution represents the sentiments of a majority of the Nicaraguan people, and that there is evidently no responsible government with which the United States can deal. He therefore announces that all parties will be held accountable for their actions as affecting the interests of Americans and the peace of Central America. He further informs Senor Rodriguez that while he has lost his diplomatic quality, he may still serve as an "unofficial" channel of communication with the faction which he is regarded as representing.

This brings the crisis as near to the status of war as it could be brought by executive action without a definite declaration by both houses of Congress, which will convene next Monday.

Mr. Knox' letter, in all but so many words, makes it plain that the action represents the wish and attitude of all of the Central American States, with the single exception of Honduras, which is regarded here as entirely dominated by Zelaya. Mexico has all along shown its sympathy with the United States in this matter.

Just what status the consular representatives of the United States now in Nicaragua now enjoy, was not definitely explained last night. It is expected, however, that Vice Consul Caldera, who has been occupying the legation in Managua, together with the other consuls in that country, will be given their passports today. This is the usual method of procedure in case of such action between governments.

HUNTERS DRIVEN IN.

Several Parties, Bent on Day's Shooting, Compelled to Return.

Owing to the much-welcomed rain which visited this section Thursday morning and continued throughout the day, several parties of hunters who left the city early with a determination to have a good day's sport, were compelled to return, some of them drenched to the skin.

But a good hunter does not mind a little drenching once in a while, and the weather has been so kind to them so far during the season that there was no complaint. Many of them came in well provided with quail, however.

There were two or three automobile hunting parties with ladies in the party, and, while the sympathy of bystanders went out to these ladies as they "pulled in" pretty well drenched, nevertheless the situation proved quite amusing to those who stood under the awnings perfectly comfortable in dry clothing.

"I tell you, fellows," remarked one good-natured chap, "I ought not admit that I don't care a rap about shooting, but this is one time when I am glad I am not a sportsman, because if I was I might be in the same fix that these poor fellows are in now."

HONOR TO COL. MATHESON.

Selected to Deliver Memorial Address of Elks at Orlando.

A great honor has been conferred upon Hon. Christopher Matheson of this city, a member of Gainesville Lodge No. 990, B. P. O. E., who has been invited to deliver the memorial address to Orlando Lodge No. 1079, B. P. O. E., at Orlando, next Sunday afternoon.

This is not only an honor upon Col. Matheson, but the lodge to which he belongs, and Gainesville lodge takes its hat off to the South Florida city.

Orlando has one of the largest and strongest lodges in the State, which occupies a magnificent club house. Its membership is composed of those among the best people of the city, and Col. Matheson was selected by a committee of that lodge, after careful consideration of many orators of the State.

The function will be a public one, and it is needless to add that a most interesting program has been arranged, as Orlando lodge never does anything by halves.

Col. Matheson expects to leave Gainesville tonight or tomorrow morning, and he will receive a warm welcome at the hands of his Orlando brethren.

GREAT STRIKE TIES UP BUSINESS IN NORTHWEST

Every Line of Industry in That Section Dependent Upon Supplies Is Seriously Affected.

ST. PAUL, Minn., Dec. 2.—Every line of industry in the Twin Cities, Duluth and Superior, and all cities of the Northwest dependent on the movement of supplies, is seriously affected by the strike of the railroad switchmen, which began at 6 o'clock Tuesday evening.

It is estimated that upwards of 12,000 men are idle on account of the strike order, thousands of freight handlers and teamsters are losing time by reason of the freight blockade in the terminal towns, while a continuance of the strike for several days will throw additional thousands out of work.

The railroads are filled with stalled freight trains, and an attempt to move a few by the aid of office men drafted as switchmen is making no impression.

The railroad managers' committee announced yesterday that they were bringing to St. Paul new switchmen to take the places of the strikers.

To this President Hawley of the Switchmen's Union of North America said: "All right, let them come; we will not object."

Business men generally are beginning to feel the result of the strike. The first to be affected were the wholesale grocers and commission houses. Wholesale grocers report that nothing is moving. Commission houses are doing nothing. Some of the larger commission houses yester-

Officers from Hawkinsville in automobiles and carrying track hounds went immediately to the scene of the shooting, but a party of enraged citizens was quickly formed and trailed the negro on horseback to his hiding place. He showed fight, but was suffering so severely from the effects of his injuries until he could offer but little resistance. He freely admitted the shooting, and it is stated justified his action by the fact that Booth's automobile frightened his mules. Harvard was given an opportunity to pray, after which he was securely bound with chains to an improvised stake. The fuel was piled high above his head, and the torch applied. The roaring of the flames prevented sound being audible, if any escaped the man's lips.

Peculiar Accident Costs St. Augustine Man His Life

ST. AUGUSTINE, Dec. 2.—A most unfortunate and peculiar accident occurred here Tuesday evening which caused the death of Mr. H. R. Thompson at an early hour yesterday morning.

Mr. Thompson was a well-known mechanic and has been employed at the shops of the Florida East Coast railway here. He was riding home on his bicycle from the shops Tuesday evening, accompanied by some friends. They were along Granada street and the bicyclists passed over a plank which had been laid across the street to protect a section of the asphalt pavement which had just been repaired.

A Mr. Alexander, who was with Mr. Thompson, called to the latter to be careful in riding over the plank and he continued on his way. After riding some distance, Mr. Alexander discovered that Mr. Thompson was not following and returning found his companion leaning against a pole suffering from a shock.

It seems that Mr. Thompson in riding over the plank received a severe jolt and after riding a short distance he was obliged to dismount on account of pain and shock. The unfortunate young man was taken to his apartments at the Dunhan House on Marine street.

Later in the evening he became unconscious and his condition became alarming. He was taken to the hospital where the doctors found he was suffering from cerebral lesion. The cerebral had become fractured and caused a rupture of blood vessels. The injury proved a fatal one and Mr. Thompson died shortly after 1 o'clock yesterday morning.

The deceased was 34 years of age and leaves a young widow. Mr. Thompson had resided in St. Augustine about two years and was quite popular. Undertaker R. A. Ponce took charge of the remains, which will be shipped North this evening for interment.

The accident which caused Mr. Thompson's death was to all appearance a most trivial one, and one would have given little thought of it proving serious. He rode over a narrow plank as hundreds of riders had done before him and he received a jolt as nearly all bicyclists have experienced. Nevertheless the jolt was sufficient to sever the spinal column and cause death.

...internal revenue receipts for ... fiscal year were $246,212,719, ...se of $5,458,230 from last ...collections, but the receipts for ... three months of the current ...,170,628, increased $2,955,657 ... same period a year ago. "It ...ained," says the Commissioner, ...ceipts from corporations in ...h amount to $15,000,000 and ... other sources to $258,000,000, ...a total of $272,000,000. It is also estimated that the receipts from corporations in 1911 will amount to $25,000,000 and from all other sources to $255,000,000, making a total of $280,000,000. During the past year there was collected on distilled spirits $128,315,181, on fermented liquor $56,303,497, and on tobacco, $51,787,178."

Beer production has decreased and tobacco and snuff manufacture has increased. There were 139,891,631 gallons of distilled spirits produced during the year, 6,000,000 more than the previous year.

For the first three months of the current year as compared with the first three months of the last fiscal year, spirits increased $1,791,272, tobacco $756,718, fermented liquors $305,749; oleomargarine, $61,552; adulterated butter, $6,024; process or renovated butter, $12,016; filled cheese, playing cards, mixed flour, etc., $22,345. The total estimated expenses of the service for the fiscal year ending 1911 is $5,302,640, including $100,000 for the corporation tax.

Sugar Trust Defrauded Government of Great Sums

NEW YORK, Dec. 2.—The fruitful opportunity for fraud in the hastes and bustle of the enormous business done daily on the Williamsburg docks of the American Sugar Refining Company, was what the Government sought to bring out yesterday in its prosecution of the six former employes of the company now on trial, charged with defrauding the Government by underweights.

David Fragner, a customs inspector, and once an assistant Government weigher, testified that at a busy time two trucks a minute passed over a single set of scales, or eight to the minute on the four sets in use there for every hour of the day. Each truck weighed half a ton, and each half ton the Government will contend was weighed thirteen pounds short, by the secret manipulations of Government employes, who it is charged, were paid cash by the sugar company for the evasion of customs duties. If the game ran properly, the Government stood to lose its duties on 5,880 pounds of sugar every hour.

As this steady flood of trucking rolled across the scale, the checker who stood next to the weigher was too busy, said Fragner, to watch him. John J. Loughran, a checker, was asked if all the entries to which he certified represented weights he had seen the weigher find.

"Not all," he admitted. "Some times I had to be away."

The cross-examiners were unable to shake the testimony of Andrew J Mallen, the clerk who swore that James F. Bendernagel, formerly cashier for the sugar company, paid cash at his office to customs employes in uniform.

W. C. T. U. MEETS AT PLANT CITY

GAINESVILLIANS HEARTILY RECEIVED BY PLANT CITY FOLKS.

Welcome Night Was Appropriately Carried Out by Citizens, Business Men and Children.

(By Special Correspondent.)

PLANT CITY, Fla., Dec. 2.—The Gainesville delegation to the W. C. T. U. convention write from Plant City that welcome from the moment you alight from the cars has been so genuine and complete that the very keys of the city have been turned over to them. For the present at least Plant City is for temperance. One hundred and thirty-six delegates in attendance on the convention. Well may the opposition tremble.

Welcome night was all the name implies. These welcomes were given by young people representing the city, the union, the churches, the press, the schools. Hosts were stirred as never before as these bright, enthusiastic young people in language appropriate extended the welcome which made the visitors feel glad they came beside the welcome.

Drills, songs, and pantomimes by the children entertained the larger audience. At the close a delightfully planned and executed reception was tendered the delegation. This closed a very full day.

Wednesday Morning.

The convention was called to order by the president, Miss Neal of DeLand. Devotional exercises led by Mrs. McCrory of DeLand. This prepared the convention for work in hand bringing the members in touch with the Divine, after singing the wonderful "Glory Song," "Florida Free." The singing of this song created an enthusiasm which gave its expression in a "yell" from the Tampa delegation. This innovation came as a surprise but was caught up by the convention.

Order being restored, the routine of business was taken up. Reports of district secretaries were called for. These reports showed good work done. At this point Miss Mary Harris Armour was introduced to the convention as a "Florida belle." Miss Armour responded in her usual unique and original manner.

One minute with each of the local presidents. These minutes were well spent in giving the weak and strong points of their unions.

Oh, woman, great is thy faith! Be it unto thee even as thou will. Matt. 15:28. Death closes the door of opportunity.

IN THE MAYOR'S COURT.

Ruby Harris Fined Heavily for Disorderly Conduct Monday.

There was a light but amusing session of the Mayor's Court Thursday morning, the lone defendant being Ruby Harris, a colored woman who was arrested with Winnefred Clark Monday night for fighting.

The women, as already mentioned in The Sun, became engaged in a genuine scrap and hair-pulling exhibition on the east side of the square Monday night, the trouble being over a man, it is alleged. Both were arrested, and, rather than spend the night in prison, gave a cash bond of $10 each for their appearance in Mayor's Court the following morning.

Neither made appearance, and it was taken for granted that the bond was forfeited; but Ruby, feeling that she had been "outraged" by both the Clark woman and the officers, indignantly demanded a trial, which she got without advantage, as Mayor Davis promptly fined her $10 and costs.

The costs will amount to nearly $2, so it would have been better for Ruby to let the matter alone.

It is hoped that everybody is satisfied.

An Early Morning Blaze.

An alarm of fire was turned in from Box 36 at 5:30 o'clock Thursday morning, which summoned the department to the cottage owned by B. F. Hampton and occupied by Prof. Hochstrasser and family, corner of E. Church street and North University streets.

Notwithstanding the early hour, a large crowd whose nerves had probably been unstrung by the alarm Wednesday evening, were present. They discovered the kitchen, which is connected to the cottage by a short porch, to be on fire, and at once began to assist in removing the furniture and huosehold effects.

Water was soon secured, however, and the flames were extinguished after burning a portion of the kitchen, as well as a part of the roof of the main building.

The damage will be about $200, which is fully covered by insurance.

(Continued from Page One.)

day reduced their working forces.

In Minneapolis the flour mills closed down last night, and it is estimated that 3,500 men employed in them are idle.

In South St. Paul, where are located the stock yards, only 300 head of cattle were received yesterday, where usually 1,800 is the daily average.

Famine Threatened.

In the iron range country the small towns will soon be facing a famine unless trains of foodstuffs can be brought in there. At Superior 300 men were laid off in the Great Northern railway machine shops. The mines will be effected by the stopping of freight traffic. On the ore dock at Duluth and Superior within forty-eight hours 10,000 men will be out of employment, and the general loss on account of no employment for labor, and inability to deliver merchandise, will run into thousands of dollars.

St. Paul and Minneapolis are the distributing points for the entire Northwestern States, in all of the cities of which the effect of the stopping of the carrying of freight will be felt.

The most serious effect will be in Montana, particularly at Butte, Anaconda and Great Falls, where the copper mines and smelters are located. In Montana and Eastern Idaho freight traffic is tied up.

The entire town of Butte is dependent on the operation of the mines and smelters. When they stop, everything stops.

All foodstuffs are imported. Many of the big mining companies run stores. A miner's credit is good there only as long as he works.

The smelters in Anaconda employ about 2,500 men. There are also large smelters at Great Falls, employing 5,000 men, who are idle.

That all hopes of a settlement of the strike at present are at an end was indicated by the departure for Washington last night of Martin A. Knapp of the Interstate Commerce Commission and United States Labor Commissioner C. P. Neill, who endeavored to settle the dispute by arbitration. Mr. Knapp said he could do nothing but offer his services, and at this time they were not wanted.

Mr. Chesnut Very Ill.

Friends of James Chesnut of Alachua will regret to learn that he is seriously ill at the home of his daughter, Mrs. B. F. Jordan, North Oak avenue, this city, and it is expected that the end is not far off.

For the past few days the patient has been surrounded by his wife and two affectionate daughters, Mrs. Jordan of this city and Mrs. Scriven Dozier of Jacksonville, who, with the aid of the best medical treatment, have done everything in their power for his safety.

Messrs. Scriven Dozier and Charles Chesnut arrived in the city from Jacksonville yesterday, having been summoned by telegraph.

The audience was not large as the preceding nights, ough as many are waiting for the production of the famous novel dramatized, "A House of a Thousand Candles," which will be the bill for tonight, probably a number withheld attending. It is one noticeable feature, that is, that the same people, with a few additional, have been attending nightly, which is the best evidence that the Park Company is pleasing the people.

Those who fail to attend the production of "The House With a Thousand Candles" tonight will miss the literary treat of their lives, as it is regarded by far the strongest and most uplifting play of the present century.

The usual specialties will be presented between the acts.

Everybody Works "With" Father.

All the members of Joe Coburn's Greater Minstrels sing this popular air with the words improvised as above. "Its a well-known fact that if you're looking for a 'snap' or a 'see the country trip' with this show unless you can deliver the goods you are in the wrong pew," said Tom Post, one of the comedians, to a local correspondent last night. "Yes, its a good job, and every man in the company likes Cobe, bu we have to get busy and stick on the job or there will be a vacancy at the end of the week." "Why, say," said Tom, "when I joined this show and saw Manager Coburn I thought I'd have a cinch, especially for parades, but Lordy, man, that big fat scamp can walk further and faster than any man in America, when he's leading those 11:30's—yes, sah."

one of the funniest, big, good-natured comedians you will find in a month's travel. He is another of the Southern boys Manager Coburn dug up and is bringing to the front rapidly as an entertainer and fun-maker. "Cobe" has befriended and brought out more performers and singers from the South in the past ten years than all the other minstrel shows combined, and is always ready to listen to or assist by kindly advice any worthy aspiring young fellow to a good position, if they have the ability. That is one of the secrets of his success and popularity all over the country. But you must deliver the goods if you work for him.

This splendid aggregation will appear at the Baird Theatre tonight.

Will Go to Washington.

Col. and Mrs. E. G. Baxter expect to leave today for Washington, where they will remain until after Christmas.

Col. Baxter, one of Gainesville's leading young attorneys, is also serving as private secretary to Senator Fletcher, which requires his absence from the city a great deal of the time.

COLLEGE STUDENTS CONFESS.

Number of Students Admit Firing Cannon at Circus Tent.

It will be remembered that on Monday night, about 7 o'clock, a four-foot cannon loaded with brick-bats and flint rock, was discharged from the University grounds into a tent of the Howe Great London Show, and that Marshal Dell soon arrived, found the cannon reloaded and ready for another action, when he confiscated the weapon.

The case has been surrounded in mystery since that time, but a number of students of the University when arraigned before a committee Thursday morning are alleged to have made a confession, claiming that they "had it in" for certain circus people who had defrauded them out of money in gambling schemes.

France's naval program includes the construction of twelve monster battleships during the next six years. Thus the World's Peace Congress grows larger and more powerful every year.

The over-zealous prohis defeated real temperance in Alabama, just as their "rampantness" defeated Stockton for Governor of Florida. You can LEAD the people, but you cannot DRIVE them.

Gainesville is to be congratulated upon at last having a real live real estate agency. Hustlers in this line have long been needed here, and The Sun believes that the Hampton-Watson Company will fill the bill.

Alabama means "Here We Rest," says an exchange. But there will be no rest in Florida for a year to come. First comes the Senatorial primary, and the prohibition campaign from which Alabama is now resting will then be resumed here.

Twenty years ago the South was getting five cents a pound for its cotton. Meanwhile it has built cotton mills worth $200,000,000 and cotton is selling at fifteen cents a pound. Another proof of the fact that investment, like charity, should begin at home, says The Wall Street Journal.

Plans to hold an American Exposition at Berlin next summer have been attacked by an influential German trade paper on the grounds that it will enable Americans to show the excellence of their wares and thus hurt home trade. After such a frank confession why need American manufacturers go to the expense of holding an exposition in Germany?

A short time ago in New York a divorce was granted to a member of a family noted for its wealth and social position. In that State divorce can be granted for but one cause, and in the case above referred to the utmost secrecy prevailed, not a single detail being made public. If this was done for the one purpose of not gratifying morbid tastes for scandalous and degrading details it was well. But if, as suspected, it was done simply out of regard for the wealth and social standing of the family, it was not well. One does not like to criticise the courts, but the courts would be less criticised if they gave less cause for criticism.

A SOURCE OF MR. CANNON'S ASSURANCE.

Speaker Cannon's last public utterance bearing upon the insurgents of his party, says The Asheville (N. C.) Gaeztte-News, was upon the occasion of the Knife and Fork Club banquet at Kansas City. Literally and metaphorically speaking, the knives, if not the forks, went flying through the air while the speaker held the floor, and his conclusion was that: "The demagogue we have always with us and as ours is a government of people, the only way to dispose of him is to move on. I am perfectly willing to trust the verdict of a prosperous and happy people in the selections in November, 1910, after the new tariff law has been in operation for over a year."

This sounds fair and reasonable enough, on its face, especially when Mr. Cannon seems to repose his trust in the dear people. It is just possible, however, that Mr. Cannon is able to view the aproaching Congressional elections without that degree of alarm which he might feel did he not know, in reason, what the attitude of certain corporate interests will be, interests that have received favors in the way of advantageous tariff schedules. And it by no means follows that a returning wave of prosperity may be properly attributed to the new tariff bill. We have had prosperity before, in spite of, and not because of a tariff bill that was full of antiquities and inequalities. The Dingley law was known to be so imperfect that its friends, driven by public sentiment, felt impelled to revise the measure in some notable respects.

THE VERDICT NEEDED.

The decision of the Federal Court looking to the dissolution of the Standard Oil Company is regarded as a great victory for the Government, but it is yet too soon to determine how great or small the victory really is. Of course there is an appeal to a higher court and it is a peculiar fact that on these trust cases the decision of one court is very likely to be reversed by the court to which the appeal is taken. But even if the decision of Justices Sanborn, Vandeveter, Hook and Adams is sustained the Standard Oil Company will probably find some way of continuing business at the old stand and very much on the old lines.

To be sure if even a moral victory only is won, that will be something, as it will show that the trusts are not altogether beyond the power of the courts and, besides, it will be an encouragement to further and more drastic action.

But trust magnates, found guilty of law-breaking, are not at all sensitive to moral defeats. On such matters they seem to be impervious to any sense of shame or honor. They go right on with the same determination to violate law in their own interests. Moral guilt fastens no stigma upon them; they are not ostracised from society, and those of them who are church members continue in "good and regular standing."

Something more than moral victories for the Government and people is needed. One sentence involving the grated door, stone cell, prison garb and prison fare would be far more effective in making guilty corporation officials see the errors of their way than any number of moral triumphs for the Government.

Persons who come to Florida and fail to visit Gainesville will miss seeing the prettiest town in the State.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Those Central American states are a queer set. Their history is made up of comedy and tragedy. They make loud professions of brotherhood and yet hate each other with a vindictiveness we cannot understand. They all were represented not so very long ago in a convention at Washington, and for the moment it seemed as if the millennium had dawned upon Central America. But no sooner did the delegates reach their homes than the vision of eternal peace and good will vanished. They call themselves republics and yet are ruled by despotic and cruel dictators. They profess great friendship and admiration for this country, but their actions show jealousy and dislike. They are the disturbing element on this continent as the Balkan states are of the continent of Europe.

Doubt is now expressed in some quarters as to Broward's running for the Senate. Probably he is now too busy looking after his reported one-fourth interest in the lands reclaimed in the Everglades (which he was to save for the dear people instead of himself, Jennings, Bowles, et al.) to waste his time and money running for the Senate. The Sun believes, however, that Broward will make the race. He has his heart set upon a seat in the Senate, and now that he has become well fixed financially through his connection with the drainage scheme, he believes that he will stand a better chance to win the prize.

While other trusts have been defending themselves in court the sugar trust appears to have put in all its available time in merrily plundering the Government by cheating the customs. Now that an exposure has been made and the trust charged with stealing some $30,000,000, the public might naturally expect severe penalties to be imposed and adequate restitution made. But it is hinted that the law of limitation will enable the trust to escape. That and several other things go to show that more effective anti-trust laws are sadly needed.

The high price obtained for the cotton crop of 1909 will no doubt result in an increased acreage of the staple in 1910. Our farmer friends should not repeat the folly of past years, however, and neglect the cultivation of cereal crops, as well as the raising of stock of various kinds. Make it a point to raise what you need to live upon.

The English say the trouble with American football is that it is not football at all. Well, we know there is a lot of kicking about it.

Imagine the expression of horror on Speaker Cannon's face when he spoke of the Democratic simplicity of expenditure.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Gainesville People Know How to Save It.

Many Gainesville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when kidney diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Gainesville citizen's recommendation:

Mrs. E. H. Walters, 108 N. Oak avenue, Gainesville, Fla., says: "My kidneys were disordered for some time and I could find nothing that would relieve me. I suffered greatly from headaches and was often so dizzy that I could not stand. Seeing Doan's Kidney Pills advertised, I procured them and began their use. They acted quickly and it was not long before I received relief. I have no hesitation in giving Doan's Kidney Pills my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A BALD-HEADED WOMAN

Shorn of Her Crown of Beauty Loses in Love and Marriage.

Hair is certainly most necessary to women. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet right here where we live, are thousands of women neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients harmful to the scalp and hair.

As a result of such treatment dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Most people can rid themselves of dandruff and correct diseased scalp and hair conditions if they will use the right remedy. We have that remedy, and we will positively guarantee that it will eradicate dandruff and prevent baldness or it will not cost the user anything.

That's a pretty broad statement but we will back it and prove it with our own money. Rexall "93" Hair Tonic is the remedy that will grow hair and overcome scalp and hair troubles. It will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You would better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Two sizes, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Gainesville only at our store—The Rexall Store. J. W. McCollum & Co., corner East Main and Union streets.

Four Per Cent Paid in Savings Department

SOLD HIS FARM

Minnesota Man Makes Sale Without Aid of Real Estate Agent and Did Not Pay One Cent Commission.

Mr. H. St. John of Cass county, Minn., says: "I sold my farm to a man in Iowa at my own price, and what is more to the point, I didn't have to pay a cent commission to anyone.

"I had given up all hope of ever selling when I happened across the advertisement of Leonard Darbyshire, Incorporated, Rochester, N. Y., and this concern, by a new system of bringing buyer and seller together, sold my farm."

Mr. St. John's success in selling his farm was due to reading a booklet issued by Leonard Darbyshire, Inc., of Rochester, N. Y. This booklet tells of a new and successful method of finding buyers for farms and real estate, business properties and patents. The Corporation issuing this book are not real estate agents and do not accept a penny in commission on sales made by their assistance. Their plan of cutting out the real estate agents has met with remarkable success, and owners throughout the country are availing themselves of this opportunity to sell quickly places which for a long time remained in the hands of real estate agents, who failed to sell, for the reason that the commission which the agent had placed upon the property had killed the sale.

It is said that Mr. Leonard Darbyshire, the president of the concern, is doing more to assist property owners to sell than all the real estate agents in America combined, and anyone wishing to dispose of anything anywhere at any price, would do well to write to Leonard Darbyshire, President, Dept. 107, Rochester, N. Y., giving a brief description of the property for sale, and asking him to send a free copy of his booklet explaining his new method of selling.

Wanted It to Take.

Mrs. B. believed in infant baptism, but for some reason that rite was not performed for Tommy till he was some four or five years old. While the ceremony was in progress the mother was very much gratified with Tommy's behavior. He seemed duly impressed with the solemnity of the occasion and remained with bowed head for some time after the sprinkling had been done.

"The angel!" exclaimed the mother.

"The little dear!" said a good sister as she went up to give him a "God bless you" and a pat on the head. But just as her hand was descending with that benediction a very wrathful and unangelic countenance was turned upon her, a pugilistic little fist delivered a paralyzing blow on her biceps, and the indignant Tommy exclaimed, "You git away from here!"

Of course he was led out in disgrace and questioned by his horrified mother.

"Why, don't you know she would 'a' rubbed all the baptizing water off before it would 'a' had time to soak in?" explained Tommy, who from his point of view was fully justified.—Los Angeles Times.

Buffoonery in "Hamlet."

The buffoonery once tolerated in provincial theaters is illustrated in an anecdote set forth in the memoirs of Barry Sullivan. Wright, who was the first gravedigger, prepared himself to take the house by storm by having incased his person within a dozen or more waistcoats of all sorts of shapes and patterns. When about to commence the operation of digging the grave for the fair Ophelia Wright began to unwind by taking off waistcoat after waistcoat, which caused uproarious laughter among the audience. But as fast as he relieved himself of one waistcoat Paul Bedford, the second gravedigger, incased himself in the cast-off vests, which increased the salvos of laughter, for as Wright was getting thinner Paul grew fatter and fatter. Wright, seeing himself outdone, kept on the remainder of the waistcoats and went on with his part quite crestfallen.

THURSDAY'S RAIN.

Nature Favored Truckers and Farmers With Good Showers.

After a long drought which has caused the loss of hundreds of dollars to the farmers and truckers of this section, nature wept over her cruel treatment Thursday, with the result that a good, steady rain prevailed the greater part of the day.

This rain had a tendency to make the dust into mud. It might have afforded to give the children an excellent opportunity to play "mud pie" on the labor-saving plan, but pedestrians were very much provoked at the condition of the streets, which in some places were almost impassable.

The rain proved a God-send to the tiller of the soil, however, and there should be no kick coming from any quarter.

WOODMEN ELECT OFFICERS.

Interesting and Largely Attended Meeting of That Order.

The local camp, Woodmen of the World, held an interesting meeting Wednesday night, which was largely attended, and at which the following officers were elected for the ensuing term:

S. L. Gerdine, council commander; Dr. C. Guy Mixson, advisor lieutenant; J. Fletcher Burnett, banker; Dr. J. M. Dell, Jr., clerk; W. H. Gunz, escort; J. B. Brooks, watchman; D. R. Mixson, secretary; J. Manasse, manager.

Notwithstanding that the Woodmen are making little "fuss," the order is growing steadily in this city, several new members being added to the roster annually.

The Family Pair.

The wriggly stillness of the study period was broken by a slamming door, and a thin boy in dirty, ragged clothes slouched across the room. Halfway to the teacher's desk he drawled, "Pa wants that you should let Jim go home right now." As Miss Davis looked a little doubtful, he added, "He kin come back right away."

The permission given, the two badly soiled, half starved sons of the most shiftless family in the district shuffled down the stairs. Very shortly Jim returned, wearing a pleased and important smile on his pathetic little face.

"I come as soon's I could. Pa's brother's dyin' to Poplar," he announced cheerfully. "That's why pa wanted me."

"But you weren't gone long; you didn't stay home. I can't see why you went at all," answered the bewildered Miss Davis.

"Why, pa's goin'," explained Jim.

"Yes, but what has that to do with you?" asked the teacher.

"Pa had to have his suspenders," was Jim's matter of fact reply.—Exchange.

The Power of Snails.

One day by way of experiment I harnessed two common garden snails to a toy gun carriage to see if they could pull it along, says a writer in a London magazine. Although the gun carriage was a heavy leaden one, the snails pulled it so easily that I loaded the body of the carriage with small shot. The snails, however, were more than equal to the task. Anxious to test their powers still further, I attached a toy cannon (made of lead and brass) behind the gun carriage, but the snails and their additional load moved on once again with the same apparent ease. Out of curiosity I decided to weigh the cannon, gun carriage and shot and to my great surprise found the total weight to be almost one pound. I venture to think this a very good load for two snails to manage.

The Frying Pan.

"People are always decrying the frying pan," said an experienced cook, "but the thing they refer to—cooking meat, etc., in a shallow pan with butter as fat—isn't really frying it; it is sauteing. The real frying pan is a deep kettle filled with hot clear lard or olive oil. In this the food—doughnut, croquette or whatever it may be—is immersed just long enough to make it crisp and brown on the outside and feathery and light on the inside. Food cooked in this way is entirely digestible if properly made. But so many cooks make the mistake of putting too much shortening in the mixture to be fried, and the fat inside, combining with the fat outside, prevents the formation of the crisp crust and makes the food soggy."

We Know That Cottolene Is Pure. What Do You Know About Lard?

Cottolene is made from cotton seed oil. Being the largest producers and distributors of cotton seed oil in the world, we can select oils from the sections producing the best seed. This seed is crushed, and the oil refined by our exclusive process, and made neutral in taste and odor. *From Cotton-field to Kitchen*—human hands never touch the oil from which *Cottolene* is made. The result is that when you buy *Cottolene* you get a cooking fat upon whose purity and cleanliness you can absolutely rely. No one could say the same of lard, made from hog fat; there are too many chances for it to contain germs of disease and uncleanliness. *Cottolene* will make food delicious, nutritious, and healthful. Give it a fair trial and you will never go back to lard.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

AN ARCTIC TRAGEDY.

The Body That Was Seen Floating In the Icy Water.

On Aug. 30 we arrived at Rudolf island, the most northern of the Franz Josef group and simply a mass of ice and high glaciers, where we had planned to spend the winter. While cruising near Northbrooke island I saw one day from the "crow's nest" a singular dark body just awash on the surface of the water. As we came nearer and nearer I was possessed by a rather unusual desire to know what this dark mass was. Putting up my glasses, I gave the order for "dead slow," and we passed the object closely on the starboard side. I saw clearly that it was the body of a man clothed in a great skin coat, with the usual hood, and with mittens on the hands. The face was not discernible, but it dawned on me suddenly that this might be the remains of the Swedish balloonist Andree, who had been lost in the arctic about two years before, or perhaps one of the men who had been lost in the Abruzzi expedition.

I was about to stop the steamship and procure the body when it occurred to me that to take a corpse on board would destroy the good spirit and courage of the members of the polar party, for there is a general superstition among sailors that a ship is doomed when a dead body is on board. The first officer and myself were the only ones who witnessed this ghastly spectacle, and neither mentioned the fact, fearing that the discovery would cast a shadow over the entire party. We have both always believed that this was the body of Andree, and I have often regretted that it had not been in my power to give him decent burial.—Captain Edwin Coffin of the Ziegler Polar Expedition in National Magazine.

The Family Tree Grew Backward.

A Kansas City man married, and his mother-in-law came to live with him. About a year later a friend met him and asked:

"Has there been any increase in your family since we last met?"

"Well, yes. There's one more of us."

"Well! Glad to hear it. Boy or girl?"

"Neither. It's my wife's mother's mother, who has come to live with us."

The first man was silent a moment; then he said, "It looks to me, old man, as if your posterity had got headed in the wrong direction."—Kansas City Times.

The Rhyming Speller.

A correspondent mentions the difficulty experienced by budding authors in spelling words in which diphthongs "ei" and "ie" appear. An easy manner to recall the order of precedence of the vowels is contained in an ancient rhyme:

"I" before "e"
Except after "c"
Or when sounded like "a"
In "neighbor" and "weigh."

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Late style suits reduced from $25 to $15,98 at Wilson's—Friday and Saturday only.

Timber Cruiser B. F. Bates of the United States general land office returned to the city yesterday, after several weeks spent in Mississippi on official business.

The regular monthly meeting of the session of the First Presbyterian church will be held at the pastor's study this evening at 7:30 o'clock. Members please take notice and be on hand at the appointed hour.

A farmers' institute will be held at Trenton on Saturday, Dec. 11th. Profs. P. H. Rolfs and C. K. McQuarrie and others are expected to address the institute. A fine dinner will be spread by the ladies, and everybody is invited to attend.

Dr. J. H. Colson made a professional visit to Rochelle yesterday. Dr. Colson, who so far is treating the only case of pronounced pellagra in this section of the State at Rochelle, states that the patient is getting along nicely, and he believes will come out of the disease safely.

N. W. Littlefield, formerly with Dutton & Co., cotton buyers, this city, but who is now holding a lucrative position with a large firm of Blackshear, Ga., was in the city yesterday. Mr. Littlefield is rated as a fine judge of cotton, and has been in this territory several times during the past season with a view to purchasing the product.

Deputy Sheriff Bruton, one of Sheriff Ramsey's most efficient lieutenants, has returned from the East End, where he has been on official business. It appears that there has been some misunderstanding regarding encroachments upon certain lands in that section of the county, but the matter was amicably adjusted upon Officer Bruton's arrival upon the scene.

Joseph Finch, who has been confined with illness at the home of his sister, Mrs. F. T. McCormick, for the past few days, was enabled to leave his room yesterday, and greeted several of his friends, all of whom were glad to learn of his recovery. It was reported Wednesday that there had been no change in Mr. Finch's condition, and friends were agreeably surprised to see him out yesterday.

Charles Granger, formerly of Melrose but now engaged in the mercantile business in a small village near Brunswick, Ga., is in the city. Mr. Granger came for the purpose of placing his mother, Mrs. Malinda Johnson, in the Sanitarium. Mrs. Johnson has been suffering from dropsy for the past few weeks, but friends hope that the attention paid her here will soon restore her to normal health.

Mr. and Mrs. James Malcolm Gardiner and son, Charley, of Chatham, Ont., who have been spending several days at their place in North Gainesville and visiting their many friends in the city, left Wednesday noon for their winter home in Miami. Their good friends here regret that the charms of the White City are strong enough to draw these good people away from Gainesville, where they spent two winters.

Blackwell and Hespen, the dancing, ragtime singers and comedians with Coburn's Greater Minstrels, have an entirely new and creditable novelty in their specialty with the big show which goes with a scream at every performance. They are both from Old Kentucky, and possess the imitative ability only possible to real Southern boys in copying the action, gestures, and mannerisms of the darkey to perfection. Their dancing is a combination of the excentric, grotesque, buck gig and rambling efforts of the real article, and it is an instantaneous hit, while their dialect and singing keep the fun going continuously. Harry Hespen, in his single on roller skates, introduces a decided novelty and some of the dancing done on these little four-wheeled tricky vehicles of the rink is really phenomenal. They are one of the best matched teams in vaudeville and only one of the features of the big minstrel show tonight at the Baird Theatre. Don't forget the parade and concert at noon.
